SEASON REPORTS FOR THE MONTH OF MARCH 1874.

Bangalore District.

Rain.—Only 15 cents of rain were registered in the Kankanhalli Taluk.

Crops.—In a few places the Vaisak paddy and sugar-cane crops look parched from want of rain; the remaining crops are in good condition. Sugar-cane was both harvested and sown during the month.

Health.—Fever and ague prevail in some parts of Dodballapur Taluk. The health of the people is generally good.

Mortality.—Five hundred and thirty-six persons died, against 491 in February.

Cattle.—Eight hundred and seventy-two head of cattle were carried off from various causes, and 25 were killed by wild beasts. The casualties in February were 628.

Prices.—Prices have slightly risen.

Lands.—Lands assessed at Rs. 384—15—6 were taken up for cultivation, and lands assessed at Rs. 165—5—2 resigned.

H. M. S. MAGRATH,
Offg. Dy. Commr.

Kolar District.

Rain.—During the month the days were sultry and the nights close. There was no rain in the District.

Lands.—Lands assessed at Rs. 520—9—11 were newly taken up, and those assessed at rupees 228—3—10 were relinquished.

Crops.—Sugar-cane cuttings were planted during the month, and sugar-cane, paddy, Bengal gram and jola were reaped.

Vaisak paddy, sugar-cane and jola are in a good condition in some parts of the District.

Health.—The public health was good during the month. The following table shews the particulars of deaths as compared with February 1874.

J. RAMAIYA NAIDU,
For Offg. Dy. Commr.

Toomkoor District.

Weather.—Very sultry.

Crops.—Chiknayakanhalli, Kunigal and Kadaba were the only taluks in which the paddy crops are reported to be thriving, and in others the crops are said to be in a very unfavorable condition owing to the scanty supply of water in tanks. Sugar-cane was the only crop which was sown during the month; the crops harvested were paddy, wheat, Bengal-gram and sugar-cane.

Health.—Generally good.

Mortality.—Three hundred and six deaths were registered during the month, against 286 of the preceding month.

Cattle.—The mortality among cattle was great, there being 1,299 deaths, against 353 of the past month.

T. E. WOODCOCK,
For Offg. Dy. Commr.

Mysore District.

Rain.—Not a drop of rain fell during the month: and the towns-people of Mysore and the ryots in many places have to go a considerable distance for water for themselves and cattle. Owing to the unfavorable season, a large extent of land bearing an assessment of Rs 8,200—9—0 has been relinquished, while no new lands have been taken up for cultivation.

Crops.—No crops were sown during the month under report. A very short paddy crop was harvested in the Malvalli Taluk. The standing crops, *viz.*, sugar-cane, cotton and mulberry are reported to be good.

Health.—The public health was not so good as in the month previous, small-pox and fever being very prevalent; 524 deaths were reported from all causes, against 503 in the preceding month.

Cattle.—The mortality among cattle amounted to 862 head.

Prices.—The price of the staple articles of food has risen slightly. Rice is sold at 11 seers, ragi at 28, horse-gram at 20 and dal at 8 seers the rupee, against 12, 30, 23 and 9 seers the quantities obtainable in the month previous.

W. HILL, *Offg. Dy. Commr.*

Hassan District.

Rain.—There was no rain during the month. The days are extremely hot in all the taluks.

Crops.—In almost all the taluks, sugar-cane has been sown. In the Malnad and Maidan taluks, the Vaisak paddy crops are reported to have withered away to some extent owing to want of rain.

Prices.—In the Alur market, 1st sort rice was sold at 17 seers the rupee, while the 2nd sort was sold at 19½ seers. Ragi was sold at 40 seers, and horse gram at 20 seers the rupee.

Health.—Public health is reported to be generally good, though the prevalence of small-pox and measles has not entirely subsided in the taluks of the District. The number of deaths during the month amounted to 374.

Cattle.—Kálu (foot) and báyi (mouth) diseases prevail to some extent in the Nagamangala Taluk; excepting this, the health of cattle in the other taluks are good; the mortality from the aforesaid diseases and other ordinary causes being 1,105, independent of 16 head of cattle killed by wild beasts.

E. SHAW,
Offg. Dy. Commr.

Shimoga District.

Rain.—None. Heat during the day excessive. Mornings and nights cool with sea breezes in the afternoon. The average range of the thermometer at 9-30 A. M. 80·20, at 3-30 P. M. 82·80.

Crops.—Sugar-cane was sown in the Honnali Taluk, and that under growth was reported to be in good condition.

Health.—Good. The deaths reported were 357, of which 261 from fever alone, and the remaining from other causes, against 378 in the preceding month. In the Nagar and Kavaledurga Taluks small-pox was reported to be prevalent, and in the former one, and in the latter two, deaths occurred from it.

Births registered during the month were 330, against 228 of the month previous.

Cattle.—The mortality amongst cattle was 730, of which 69 were destroyed by wild beasts, against 491 in the month previous. Scarcity of water and pasture is felt in all the Maidan taluks of the District.

Prices.—Stationary.

A. J. BRUCE,
Offg. Dy. Commr.

Kadur District.

Weather.—No rain fell anywhere in the District this month. In some parts of the Banavar Taluk the want of water is felt. The following table gives the readings recorded at the Observatory at District Head Quarters for this and the previous months.

Months.	Average Thermometer Reading. 9—30 A. M.	3—30 P. M.	Rain-fall gauged. Inches.	Cents.
February 1874..	79·19	91	..	..
March 1874	82·26	92·1	..	.
Previously gauged to 31st March 1874			29	26½

Crops.—The standing crops are on the whole reported on favorably.

Health.—The health of the District is on the whole good. Small-pox prevails in some parts; but there have been only 3 deaths from this cause against one in the month previous.

The total mortality from all causes was 349 in this, against 213 last month, and 299 in March 1873.

Cattle.—With the exception of murrain in some parts, and attacks from wild beasts in others, the condition of cattle is good.

The total mortality from all causes is set down at 1,668 in this, against 1,773 last month, and 1,524 in March 1873.
